

### Fall Painting for Protection.

#### TO PAINT RIGHT—THE RIGHT PAINT IS NEEDED

Fall is the best time to paint buildings. The paint dries more naturally and forms a more elastic coat. If you have buildings which need covering, now is the time to do it. Protect your buildings against the ravages of inclement weather. We have everything needed for any job of painting or finishing.

E. J. JENKINS

### LOCAL AND OTHERWISE

**Gold Leaf.**  
Read Sam B. Wilson & Company's ad in this issue.

C. C. Macchum was in town on business today from Anderson.

Albert May has returned from a visit to Houston.

More heat, less fuel, by using Cole's Hot Blast Heaters. See Parker-Astin Hardware Company.

Fred M. Allison of Corsicana was among the guests registered at Hotel Bryan today.

Have your stove examined and stove put up. See Parker-Astin Hardware Company.

Let us put your stove up now. Cold weather is coming. Parker-Astin Hardware Company.

Mrs. M. J. Smith returned to her home in Orange yesterday, after a visit to relatives in this city.

Mrs. Alice Bowman has returned to her home in New Iberia, after a pleasant visit to her niece, Mrs. A. W. Kinnard.

See Parker-Astin Hardware Company for the celebrated "Cole's Hot Blast Heaters." They burn wood or coal.

Mrs. W. A. Hood went to Galveston yesterday to join her husband and they will make their home there in future.

Miss Lula Buckingham returned to her home in Houston yesterday, after a pleasant visit to her aunt, Mrs. E. B. Lomax.

Mrs. Brown McDonald of Duluth, Minn., en route to the Panama-Pacific Exposition at San Francisco, who has been a guest of her niece, Mrs. J. Ralph Howell, went to Navasota for a brief visit to relatives, before continuing her journey.

Billy Plagens of Kurten was in town today.

Phillip Hermer went to Dublin on business today.

J. W. Crenshaw of Harvey was in town trading today.

Mr. and Mrs. Peter Scanlan of Medville were in town today.

Commissioner J. J. Cahill was in town from Smetana today.

Era Wilson was in the city today from his home near Tabor.

Mr. and Mrs. J. J. Presley were in today from Cooks Point.

C. M. Spann of Navasota arrived today on business in this city.

C. H. B. Graham was among the Harvey visitors to the city today.

Commissioner J. M. Atkins was in town on business today from College.

A. W. Shelton of the bottom was in the city today.

C. A. Buchanan has returned from a business trip to Houston.

Mrs. C. A. Robinson and daughter, Miss Lillian, of Wellborn were shopping in the city today.

Mrs. L. M. Johnston of Port Arthur is visiting her parents, Mr. and Mrs. C. D. McMillan of College.

Mrs. W. B. Bizzell and Mrs. E. J. Kyle were among the visitors to Bryan from College today.

Mrs. W. W. Duncan returned to her home in Mart today, after a brief visit to Mrs. J. P. Duncan and family.

Be prepared for cold weather by having your stove put up now. Parker-Astin Hardware Company.

Rev. C. T. Tally carried his little son, Charles, to New Orleans yesterday for an examination and perhaps an operation.

D. D. White, proprietor of the White electrical supply house and garage located in the Eugene Edge building on East Mosely street, is having a gravelled driveway built from the rear of the garage to the Anderson street intersection of Tabor avenue.

T. J. Preston of Teague was in town on business today. Mr. Preston states that business in his city recently has been about as slow as is reported in other towns of the State, but he says he expects prosperous times to open up again in the near future. Mr. Preston has been in the retail furniture business in Teague since his departure from Bryan.

#### POTATO CROP SHORT.

C. H. B. Graham, in town trading today from the Harvey community, reports that the sweet potato crop in that community this year is much below the standard and that very few good crops are reported. This seems to be the condition over the entire county as very few potatoes have been brought to town this year, and the price has not fallen below \$1 per bushel.

#### CIVIC LEAGUE BENEFIT.

The Civic League is an active organization and it is doing all in its power for a bigger, better, a cleaner and above all a more beautiful Bryan. It has built a beautiful little park near the H. & T. C. station and is trying to maintain it in such a way that it will be an ornament to the city. This cannot be done without money. It takes money to plant flowers and shrubs and keep them watered and the grass neatly mowed.

It comes to The Eagle that right now money is a scarce article with the Civic League. That they have but one lonesome dollar and a fifty-cent piece in their treasury and it is getting to be a serious question as to how they are to make "tongue and buckle meet." In other words, they are up against it.

To "raise the wind," however, the management of the Queen has agreed to give them a benefit at that place on Friday afternoon and night, and they wish to extend not only an invitation, but an appeal to the people of Bryan to attend and help them out. They ask for just a little extra patriotism on this occasion, and ask it in the name of a worthy cause.

The management has secured the Hollick orchestra of College for both afternoon and night, and the music, coupled with a good attraction, will give all their money's worth in addition to the public service they will be rendering by attending.

#### PITTS BRIDGE OPEN.

County Judge J. T. Maloney reports the work on Pitts bridge completed and the bridge now open for traffic. This bridge was damaged by the last flood on the Brazos river and the subsequent caving of the banks made it necessary for the addition of two new spans to the bridge. The commissioners are of opinion they have at last built a structure which will withstand any flood on the river.

The bridge forces are preparing to begin work on Jones bridge, which was damaged by the recent storm. Two spans were blown out and these will have to be replaced, one of which will have to be practically rebuilt.

#### MARRIAGE LICENSE.

Will Rush and Callie Waller.

## NO OIL, NO GAS FOUND IN BRYAN

Drilling Discontinued at 2,440 Feet  
and Well Converted Into  
Water Well.

After reaching a depth of 2,440 feet the promoters of the Bryan gas and oil well decided that to go further was useless, as up to this depth very little signs of gas or oil had been found. A slight quantity of gas was found in the stratum about 1,925 feet deep, or about the same depth as found in the city's deep well, but the quantity was insufficient to be of any use. After deciding to discontinue the drilling the casing of the well was perforated and the well was converted into a water well. The quantity of water afforded by the well is about the same as that of the city's deep well, or about 200,000 gallons per day. The Eagle has not learned what use will be made of the well. Fred M. Allison of Corsicana, to whom the contract for the well was let, arrived in town last night and is making preparations for shipping his machinery to Corsicana.

## A. & M. EXTENSION DEPARTMENT NOTES

Suggestions as to Selecting Seed Corn—An Interesting Pig Story.

"Farmers in selecting corn for next spring should be careful to select none but the best," says Dr. J. O. Morgan, professor of agronomy at the A. & M. College. "We have had so much rain and stormy weather for the past few weeks, and especially in South Texas, that much of the corn is mouldy and unfit for use as seed. If the cob is in bad condition, if the seed are not sound and firm, by all means do not use them for seed purposes. The first step toward raising a good corn crop is to plant good, healthy seed."

Master Raymond Williams of Denton County has shown that the son can teach the father "something in agriculture." Young Williams is a member of the boys' hog club in his county, which work is conducted jointly by the extension service of the A. & M. College and the United States Department of Agriculture.

Five months ago he entered the hog raising business, when his father gave him a pig that weighed 41 pounds. His father kept a litter mate to the pig he gave his son, the father's pig weighing 29 pounds. At the age of five months the boy's pig weighed 264 pounds, while the father's pig only weighed 85 pounds. The lad fed his pig in accordance with the directions sent out by the extension service. The ration consisted of ground maize, wheat shorts, buttermilk and oats and grass, fed as pasture. This is but one of the many instances where members of boys' pig, corn, cotton and baby beef clubs have far outstripped their fathers in production and quality.

CLARENCE OUBLEY,  
Director of Extension A. & M. College of Texas.

### U. S. Weather Bureau

DAILY WEATHER FORECAST  
Office, Dunn & Galy Bldg.  
Phone 79

belt. There was, however, but little forecast until 7 p. m. Wednesday—Tonight, fair, colder, frost in the extreme northern portion; Wednesday, fair with rising temperatures.  
Weather Conditions.

An area of high pressure of considerable strength covers the northwestern districts, which is attended by abnormally cold weather, with freezing temperatures in portions of Nevada, Utah and Colorado. The coldest reported was 26 degrees at Winnemucca, Nev. An area of comparatively low barometer extends from the lower Rio Grande valley northward into the western lake region, which has been attended by showers in the western lake region, upper and central valleys and cotton

also in Texas, also in the lake region, and reported from other portions of the Rockies.

## COLONIAL THEATRE WILL OPEN SEASON

"When Dreams Come True" Will Be  
the Initial Bill on  
October 20.

The management of the Colonial Theatre announce that they have secured the big New York musical comedy, "When Dreams Come True," to open their playhouse on October 20. "When Dreams Come True" is a combination of melodrama, farce, music and dancing and is presented by a company of fifty people, most of them artists who have gained fame as players of ability. There are two dozen pretty girls to grace the stage, a score of dancing numbers, no end of whistleable, ear-tinkling tunes and an assortment of the very latest and up-to-the-minute feminine finery of the most costly kind. This company is only playing the larger cities, and Bryan is indeed fortunate to be included in its itinerary.

The theatrical season is late opening this year and from the present outlook there will be few shows South. The Colonial management expects few attractions, but will adopt the policy of playing only the best, which should win the confidence and approbation of our theatre-going public.

Some other coming attractions are the golden voiced Al H. Wilson in "As the Years Roll On;" Richard Bennett's cowboys in the famous play, "Damaged Goods;" the Chicago musical comedy hit, "Don't Lie to Your Wife;" Gus Hill's "Mutt and Jeff in College;" a splendid New York company in a revival of one of the best musical comedies ever staged, "The Prince of Pilsen;" Richards & Pringle's Minstrels and several others for which contracts have not yet arrived.
